Education

Otis College of Art and Design, Los Angeles, CA

'24 BFA in Digital Media, Game and Entertainment Design

Classroom Assistant – Storytelling for Digital Artists I & II, Animation Studio

Experience

ID Tech, Los Angeles, CA — July 2023 - Current

Assistant Director – June 2024

Promoted to Assistant Director the following season, as I demonstrated my passion for fostering a creative environment for students and instructors alike and strove to execute the vision of our director. Continued to seek opportunities to improve the experience of the team to ensure standards were being met.

Lead Instructor – July 2023

Promoted to Lead Instructor because of my initiative to organize the other instructors, supporting them with their classes as well as clarifying communication and expectations from our director. Communicated team concerns directly to our Director and Regional Manager as elected spokesperson for my peers.

Online Personal Lessons Instructor – September 2023

Guided students through the processes of game design, animation, 3D modeling and printing. Supervised debugging and troubleshooting projects.

Starbucks, Hawthorne, CA — Dec 2014 - Sep 2021

Supervisor | Barista Trainer | Barista

I created a welcoming experience for team members and customers and demonstrated a strong grasp of the procedures and vision of management. I was soon promoted to Barista Trainer, coaching new employees, several of whom were promoted to trainers as well. I continued to communicate effectively with my supervisors and collaborated with them to optimize processes. I received another promotion to Supervisor, where I continued to support my team by recognizing strengths and facilitating growth in team members.
